

Password Reset & Account Recovery Guide

Section 1: Standard Password Reset

- Step 1: Go to app.platform.com/login and click 'Forgot Password?' below the sign-in form.
- Step 2: Enter the email address associated with your account. Check old invoices from noreply@platform.com if unsure.
- Step 3: A reset link arrives within 2-3 minutes. Check Spam/Junk folder. Link expires in 30 minutes.
- Step 4: New password must be minimum 12 characters, include one uppercase letter, one number, and one special character. Cannot reuse last 5 passwords.
- Step 5: Sign in with new credentials. All active sessions will be terminated for security.

Section 2: Two-Factor Authentication (2FA) Issues

- Option A - Recovery Codes: Use the 8-digit recovery codes found at Settings > Security > View Recovery Codes.
- Option B - Backup Email: Click 'Try another method' on the 2FA screen and select email verification.
- Option C - Admin Override (Enterprise): Admin Console > Users > [Username] > Security > Disable 2FA Temporarily.

Section 3: Locked Accounts

- Accounts lock after 5 consecutive failed login attempts.
- Automatic Unlock: The lock lifts after 15 minutes automatically.
- Immediate Unlock: Email support@platform.com with your full name, Account ID, and approximate last login date.
- Identity Verification: Support may request government-issued ID if email access is also lost.

Section 4: SSO / Single Sign-On Accounts

- If your organization uses SSO (Google Workspace, Okta, Azure AD), password resets must be handled by your IT department.
- Platform support cannot reset SSO-linked passwords directly.
- Once reset at the identity provider level, log in via the SSO button on our login page.

Section 5: API Key Rotation After Password Reset

- For security, regenerate your API keys after a password reset.
- Go to Settings > API Keys, then click Rotate Key next to each active key.
- Update your applications with new key values. Old keys are deactivated immediately.

Section 6: Contact Support

- Email: support@platform.com — 24-hour response time.

- Live Chat: Available at app.platform.com (bottom-right corner), Mon-Fri 9AM-8PM EST, under 5 minute wait.
- Enterprise Phone: 1-800-555-0199 — Immediate response for enterprise accounts.
